Description

Luxury villa for sale in Javea, frontline, completely immersed and open to the Mediterranean and renovated with the best materials on the market. Enjoyment is breathed in each of its corners. Distributed on various levels, it has four bedrooms and four bathrooms inside the house. The barbecue area is very charming due to its special design, the work of Toni MarÃ, and a large terrace, as well as a room with a bathroom that can be the guest area or the summer chill-out area.

You will love it for: its Mediterranean decoration and design and the interior temperature in winter, thanks to its fantastic south orientation and the quality of the exterior carpentry.
